Reel Green™ EV Resource Guide

Last Updated: September 2025

The Reel Green™ EV Resource Guide is designed to provide a snapshot of the electric vehicle (EV) inventory available to the motion picture industry in British Columbia. The vendors are taken from the [Reel Green™ Vendor List](#) and are displayed in alphabetical order.

Please note, the information provided is accurate at the time of publication, however vendors are constantly adding to their fleets. Please reach out directly to each vendor for up-to-date inventory and availability information.

For general information about EVs, visit our toolkit [here](#).

Driving Force
